Company Profile

DAC Africa was founded in 1998 as Dispaid Advertising Consultants. Back then we were primarily engaged in Branding, Design and Advertising Consultancy. As we increased our capacity in different disciplines, we found that our knowledge in branding gave us a distinct advantage going into construction, interior design and spatial branding. We have since discontinued our activities in commercial advertising, and our vision and mission changed to focus on our main competencies; Branding, Design & Construction.

Vision

Transforming Africa's image positively through home-grown innovation in spacial design, branding, and construction.

Mission

Effectively meet all our objectives through the local employment of international work standards, Harnessing of new media and other available environments that reduce the cost of quality service delivery, and Empowering our people to work with diligence and commitment.

Interior Design

At DAC, we provide from-ground-up, Brand Led interior design and space planning services for home & office for which we develop unique and practical solutions to space management, creating pleasing yet practical living and working experiences.

Construction

Interior partitioning, wall & Floor finishes, furniture and cabinetry are among the construction solutions we offer.

Product Design & Development

Our designers are constantly developing different fresh ideas and products geared to giving our clients competitive advantages, better space management or just better practicability with their spaces.

Our product range includes solid wood doors, Laminate Solutions, steel casement windows, wrought iron doors etc. We also design that extra unique piece or form that personalizes your space.

Branding & Design

Clients looking for creative solutions to their Corporate Branding, Packaging, Advertising, Printing and Marketing have at their disposal, over 20 years experience in Industry Standard Branding and Design.

At DAC Africa, we are able to offer a One-Stop Shop for Graphic and Digital Design content for different media.
